

## Heat cutter HSG-0 with cutting foot SF

### Description:

Handheld unit for short-time operation for use with small quantities. Suitable for cutting to length and fusing the ends of synthetic cords, ropes, belts and webbings, as well as fabrics.

Heating time of the cutting edges approx. 6-8 seconds.  
Heat regulation roughly by switching on and off.

In combination with the cutting foot type SF and with the cutting edge type R, synthetic fabric can be cut without cutting base and the edges can be welded. This combination is particularly suitable for cutting large-area cloths and tarpaulins, e.g. sails, awnings and filters.

### Technical data:

Supply voltage:	230 V - 50 Hz (110 V - 60 Hz)
Power input:	60 W
Operating time:	Intermittent operation 1/4min.
Protection class:	II - Protective insulation
Power supply:	Supply cord 2 m, with European-type plug or US-type plug
Weight:	1,1 kg

### Scope of delivery:

1x HSG-0  
1x Cutting blade Typ R  
1x Cutting foot SF  
1x Operating instructions with Declaration of Conformity

HSG-0 with cutting foot SF and cutting blade Typ R
